

SYRAH 2019

Hexham Vineyard

SOUMAH *of* YARRA VALLEY

Cooler climate growing regions like the Yarra Valley are heralding an elegant style of Syrah (Shiraz) and our elevated, well-drained site, elevated with suitably chosen clones create a graceful yet powerful wine. Our fruit was gently picked on various dates, depending on the clone, before being separated into whole berry or whole bunch ferments. It was then racked to barriques and puncheons (20% new) where it slowly aged for 9 months.

A spicy bouquet and savoury palate with intense red and black fruit coupled with fine grained tannins and spice, all bound together with a sweet clip of new oak.

Varietal	Syrah	Harvest	8 March 2019
Clones	R6WV28, Bests, Old Clone	Baume	13.6
Oak Forests	Allier, Vosges, Chatillon	pH	3.63
Oak Age	20% New	TA	4.3

“Velvet power and grace.”
